Alana

Pray that you un-
fall from the plane.

Other bizarre “uns…”
note those of us,
lucky, who live on.

Untwist the slicing
metal and just

don’t wrap
around so so
many of us!

Unhook the sirens,
lights flashing red,
and stabbing blue!

over-
washing reds

and stabbing blue!
and stabbing acid-
ic blues!

Uncut those
in horror so
rapid!
